## MANAGING DIRECTOR'S STATEMENT 2018-2019

### Dear Shareholders,

I am happy to report a year of strong performance. Our remains on nurturing the long term growth potential of the Company, while maximizing the available opportunities and minimizing the risk. Our revenue performance has affirmed our strategic product mix choices and now our focus is on acceleration of the growth patterns.

### COMPANY PERFORMANCE

Despite differential pricing policy adopted by the primary producers, the Company was able to achieve higher sales both in terms of value & quantity mainly due to increased Prices by Primary producers. Despite slow down, demand for Electrical / Engineering products enabled to accelerate the production and Turn Over. It is this differential pricing policy and upward variation in power & fuel cost has affected margin before Interest and depreciation. In February, 2019, the Bankers have issued Notice under DSARFASEA Act, 2002 for recovery of over due amount. The Company has submitted appropriate reply and objections.

### OUTLOOK FOR ALUMINIUM INDUSTRIES

Aluminium segment includes primary aluminium, aluminium extrusions, aluminium rolled products, alumina chemicals

Demand for aluminium is expected to pick up as the scenario improves for user industries, like power, infrastructure and transportation. Production of aluminium stood at 2.8 million metric tonnes during FY18. Total imports of aluminium and aluminium products in India during FY18 stood at US\$ 3.55 billion, whereas, in FY19 it reached US\$ 2.15 billion. Consumption of aluminium in India estimated at 3.4 million tonnes in FY18 is expected to reach to 5.3 million tonnes by 2020. Aluminium production is estimated to reach 3.33 million tonnes per annum in FY20.

National Aluminium Company (NALCO), a central government-owned entity, is set to join the club of million-tonne producers in the metal segment by 2020. NALCO has readied an about US\$ 3.72 billion investments for increasing its alumina, aluminium and power production capacities.

In April 2018, NALCO readied about US\$ 3.72 billion investments for increasing its alumina, aluminium and power production capacities, the other update fine

Demand of aluminium in India was expected to grow at 18-19 per cent per annum and this was driven by growth in sectors like electricity, transport, building, construction and packaging

"Consumption of aluminium in India estimated at 3.4 million tonnes in FY18 is expected to reach to 5.3 million tonnes by 2020.

India is among the lowest cost producers of aluminum in the world, owing to easy availability of raw materials and comparatively low labour costs. The growing demand for aluminum in the last decade, driven by India's underlying growth story, has resulted in expansion of smelting capacities of the major domestic players.

With the addition of new aluminum capacities, India aims at not only satisfying domestic demand, but also playing a major role in the global aluminum market.

Prices of aluminum have shown recovery over the past financial year. One of the main reasons for this is due to measures taken up by the Chinese economy, as well as renewed sentiments toward the demand for aluminum.

#### **ACKNOWLEDGEMENT**

Our Directors express their sincere appreciation to the dedication of the officers, employees and workers of the Company at all level to show the resilience in the performance of the Company.

Your director also place on record their appreciation for the support and cooperation extend to the Company by the bankers, customers vendors and shareholders.

### STATEMENT ON MANNER OF EVALUATION OF BOARD OF DIRECTORS, COMMITTEE AND INDIVIDUAL DIRECTORS:

Pursuant to the provisions of the Companies Act, 2013, the Board carried out the annual performance evaluation of its own performance, all the directors individually, as well as the Audit Committee, Nomination and Remuneration Committee, Stakeholders Relationship Committee and Share Transfer Committees of the Board. A Policy named as "Nomination, Remuneration and Performance Evaluation Policy" with structured questionnaire was prepared after taking into consideration inputs received from directors. (Policy is uploaded on the website of the Company [www.sudal.co.in](http://www.sudal.co.in)).

A separate exercise was carried out to evaluate the performance of individual directors on the parameters set out in the policy. The performance evaluation of Independent Directors was carried out by the entire Board based on parameters such as Qualification, skills and knowledge, leadership qualities, compliance with ethical standards and code of conduct of the Company etc.

The independent directors at a separate meeting carried out the performance evaluation of Non-Executive Directors, Board as a whole and the Audit, Nomination & Remuneration, Stakeholders Relationship and Share Transfer Committees of the Board. The quality, quantity and timeliness of flow of information between the Company management and Board were also evaluated. Performance of Non - Executive Directors was evaluated on parameters such as Qualification, leadership skills, steps initiated towards business development, steps initiated towards branding of the Company, exercising duties diligently, etc.

Performance of the Board as a whole was evaluated on parameters such as composition with right mix of skills and knowledge, whether the board receives regular updates on production, marketing and financials and takes all necessary steps to ensure that the operations of the organization are sound and reviews the organizations performance in carrying out a stated mission on a regular basis, whether Board Meeting are conducted in a manner that encourages open communication, meaningful discussions and timely resolution of issues, members of the Board meets applicable independence requirement, etc.

Performance of the Committees of the Board were evaluated on parameters such as efficiency and effectiveness of the systems in the Company, consideration of matters and concerns raised by the members in the meeting, committees accomplishments with respect to performance objectives, redressal of complaints and grievances, co-ordination with other Committees and Board, adherence to companies policies and internal procedures etc.

On a whole, all the directors expressed their satisfaction with the evaluation process

*[Pursuant to section 204(1) of the Companies Act, 2013 and rule no. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]*

**FOR THE FINANCIAL YEAR ENDED 31<sup>ST</sup> MARCH, 2019**

To

The Members,

**Sudal Industries Limited**

A-5, M.I.D.C. Ambad Industrial Area,  
Mumbai-Nashik Highway,  
Nashik - 422010

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate governance practices by **Sudal Industries Limited** (hereinafter called "**the Company**"). The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, Papers, Minute Books, Forms and Returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2019, generally complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

1. We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2019 as given in the Annexure I, according to the provisions of:
  - (i) The Companies Act, 2013 ('the Act') and the rules made there under to the extent applicable;
  - (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
  - (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
  - (iv) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
    - (i) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
    - (ii) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
    - (iii) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;
2. Provisions of Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder, except to the extent of reporting with respect to Foreign Direct Investment, were not applicable to the Company under the Financial Year under report.

3. Provisions of Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') were not applicable to the Company under the financial year under report:
- (i) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
  - (ii) SEBI (Share Based Employee Benefits) Regulations, 2014;
  - (iii) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
  - (iv) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
  - (v) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009;
  - (vi) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;
4. We further report that, having regard to the compliance system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof, on test-check basis, the Company has generally complied with other Acts, Laws and Regulations applicable specifically to the Company viz.
- Industries (Development and Regulation) Act, 1951;
  - Factories Act, 1948;
  - Industrial Disputes Act, 1947;
  - Minimum Wages Act, 1948;
  - Payment of Wages Act, 1936;
  - Sale of Goods Act, 1930.

We have also examined compliance with the applicable clauses of the Secretarial Standards including the amended Secretarial Standards applicable with effect from 1st October, 2017 issued by the Institute of Company Secretaries of India under the provisions of Companies Act, 2013;

During the financial year under report, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

**We further report that:**

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors for the financial year under report. The changes in the composition of the Board of Directors that took place during the year under review were carried out in compliance with the provisions of the Act, except:

- *Ms. Pooja Bangera (PAN: ANDPB2942G) resigned as the Company Secretary and Compliance officer of the Company with effect from 31st March, 2018. The Company did not appoint a Company Secretary as required under the provisions of Section 203 of the Companies Act, 2013 read with Rule 8A of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 read with Regulation 6 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 during the year under report.*

## MANAGEMENT AND DISCUSSION ANALYSIS

Aluminium - the third most abundant element in the earth's crust finds its implementation in many sectors due to its environment and user -friendly nature - in Building and Construction (B&C), power sector, automotive, packaging, household appliances etc. The surge in the demand of this youngest metal of the non-ferrous metal industry is indicated to the escalating infrastructural development of the country. According to a recent issue of the European Journal of Business and Management, published by International Institute for Science, Technology and Education, the overall consumption of aluminium in India is projected to be about 5 million tonnes by 2015, and 10 million tonnes by 2020.

India is considered to be the fifth largest producer of aluminium in the world with a tremendous bauxite reserve of about 3 billion tonnes. While the major consumption of aluminium in India is done by the electrical (31%) and B&C sectors (13%), the future growth is envisaged to happen in the solar power and industrial sector. One is witnessing the rapid development of this industry with a phenomenal growth noticed since 2002 and the industry is posed to play a significant role in the future growth of the Indian economy.

### Aluminium Extrusions - The Pros And Cons

India's per capital consumption of aluminium extrusion is amongst the lowest in the world. The B&C industry which is the major consumer of aluminium extrusions in India (followed by the industrial and the transport segment) uses aluminium extrusions in prefabricated structures, windows and door frames systems, curtain walling, roofing and exterior cladding, space frame systems, geodesic domes, canopies, bridge decks, atriums, arches, etc. The popularity of aluminium formwork and shutters is also on the mount as it augments construction speed. There exists today an assortment of aluminium extrusion profiles in the market which are fabricated and are customised according to the specific requirements.

In an environment where green buildings are talk of the day, aluminium extrusions are present for a number of green solutions in buildings. This include those for Double skin curtain walling, Photo Voltaic integrated systems, thermal breaks, sun light louvers and unitized solutions.

However, there are also a number of disadvantages of the Indian aluminium extrusion industry amongst which cost remains a major issue. High operational costs (rendering the profits on the lower side), higher administrative expenses per unit of manufacturing and sale of finished products (due to the sufficient staff that needs to be employed) are a hindrance. Many agree that though quality extrusions might cost more, but they come to an advantage in the longer run since the life costs become reasonable.

One of the major uses of secondary aluminium (recycled aluminium) happens in extrusion in which case the primary metal is either imported (and processed by the secondary extruders at their own fabrication plants) or acquired through domestic producers. Since most of the domestic production is exported or is for captive consumption, the secondary players depend heavily on imported aluminium which again due to high import duties is expensive.

Technically too, the industry is witnessing some drawbacks. The smaller size of extrusion that can be manufactured technically (weight per meter and length) is an impediment where heavy, longer and big sized extrusions are required. In this regard, Hindalco will be adding a 5000 tons pressure extrusions press with 13.5 inches container size, thereby enabling bigger width & complex profiles in the country.

Also though the total capacity for aluminium extrusions in India is about 4,00,000 tonnes the industry of aluminium extrusion is highly fragmented with over 60 manufacturers of aluminium extrusions.

**THE COMPANY'S PRODUCT MIX**

During the year ,Engineering and electricals have contributed about 40%- 50% of revenue. In Coming year Company expects increase in shares from Power, Building & Construction and Auto with the initiative of Government

**HUMAN RESOURCES AND INDUSTRIAL RELATIONS:**

Workers management relation during the year was generally cordial.

# Independent Auditors' Report

**To The Members of Sudal Industries Limited**

## **Opinion**

### **Report on the Audit of Financial Statements**

We have audited the accompanying financial statements of Sudal Industries Limited ("the Company"), which comprises of Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flow for the year than ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2019, its loss, other comprehensive income, changes in equity and its cash flows for the year ended on that date.

### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

### **Material Uncertainty Related to Going Concern:**

Without qualifying, we draw attention to note no. 30 to the financial statements of the Company having been prepared on a going concern basis which contemplates the realization of assets and satisfaction of liabilities in the normal course of business. The Company has been continuously incurring losses over last several years and its net-worth stands fully eroded. These conditions indicate the existence of uncertainty that may cast doubt about the Company's ability to continue as a going concern. The Banker has also issued notice under section 13(2) of SARFASIE Act, for recovery of its dues.

As explained by the management, the losses were incurred due to a recessionary trend and slackness in demand particularly in the Auto, construction and Infra industries, and therefore the Company was not able to utilize its capacity optimally. Besides, there was high volatility in Aluminum prices, it was incurring losses in the past few years. To boost these industries, several revival steps are being taken by the Government and hence the Company expects a spur in economy and demand which will enable them to increase their capacity utilization and thereby cut losses.

Accordingly, management believes that it is appropriate to prepare the financial statements on a going concern basis. Therefore, the financial statements do not include any adjustments relating to the recoverability and classification of recorded assets and to the amounts of liabilities that might be necessary should the Company be unable to continue its operations as a going concern.

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

### Information Other than the Financial Statements and Auditor's report thereon

The Company's Board of Directors is responsible for the preparation of other information. The Other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to the Board report and Shareholder's information, but does not include the financial statement and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of Management and those charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Account) Rules, 2014.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so(Refer note 30)

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors (i) in planning the scope of our audit work and in evaluating the results of our work and (ii) to evaluate the effect of and identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**Report on Other Legal and Regulatory Requirements**

1. Pursuant to the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

**Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Act**

We have audited the internal financial controls over financial reporting of **Sudal Industries Limited** "the Company") as of March 31, 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential component of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence, we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the entity are being made only in accordance with authorizations of management; and (3) provide reasonable assurance regarding prevention or timely

detection of un-authorized acquisition, use, or disposition of the entity's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the best of our information and according to the explanations given to us, the Company has, broadly in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential Component of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## Notes to the financial statements for the year ended 31st March, 2019

### 1 Statement of Significant Accounting Policies and Practices :

#### I. Background and Operations

Sudal Industries Limited ("the company") is a public limited company domiciled in India and is incorporated under the provision of the Companies Act applicable in India. Its shares are listed on Bombay Stock Exchange (BSE).

The registered office of the Company is located at A-5, MIDC, Ambad Industrial Estate, Mumbai Nashik Highway, Nashik - 422010 (Maharashtra).

The Company is engaged in the manufacturing of Aluminium Extrusions and Aluminium based Alloys. The Products are made by melting of Aluminium Ingots into Alloy Billets and further extruded to manufacture extrusions.

#### II. Significant accounting policies

##### (a) Basis of preparation of Financial Statements

###### (i) Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with of the Companies (Indian Accounting standards) Rules, 2015 and other relevant provisions of the Act.

###### (ii) Current non-current classification

All assets and liabilities have been classified as current or non-current as per the company's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Companies Act, 2013. Transaction and balances with values have been rounded off in Lakhs. Due to rounding off, the number presented thorough out the financial statement may not add up precisely reflect the absolute figure

##### (b) Use of estimates and judgments

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

The estimates and judgments that have significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are included in the following notes:

###### (i) Contingent liabilities and contingent assets

**Contingent liabilities :** Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

**Contingent assets :** Contingent assets are neither recognised or disclosed in the financial statements.

**(ii) Measurement of defined benefit obligations**

The present value of the defined benefit obligations depends on a number of factors that are determined on an actuarial basis. The assumptions used in determining the net interest cost/(income) for defined benefit plans and include the discount rate. Any changes in these assumptions will impact the carrying amount of defined benefit obligations.

**(c) Property, plant and equipment**

Leasehold Land, Buildings, Plant and Machinery and Electrical Installations are stated at deemed cost less depreciation and impairment, if any. Cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Other Assets are stated at deemed cost less depreciation.

**Depreciation methods, estimated useful lives and residual value**

- (i) Value of Leasehold Land is amortized over the period of lease.
- (ii) On Buildings, depreciation is provided on straight line method at the useful life specified in Schedule II to the Companies Act, 2013.
- (iii) On plant and equipment, the depreciation is provided as per the life specified for continuous Industrial unit in Schedule II to Companies Act, 2013.
- (iv) On vehicles, Furniture & Fixtures and Office Equipments, depreciation is provided on written down value method as per the life specified in Schedule II to Companies Act, 2013/

**(d) Intangible assets****Computer software**

Computer software are stated at cost, less accumulated amortisation and impairments, if any.

**Amortisation method**

The Company amortizes computer software with a useful life using the straight-line method over the period of 2-3 years from the date of acquisition.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

**(e) Lease****As a lessee****Operating Lease**

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the company as lessee are classified as operating leases. Payments made under operating leases are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

**(f) Cash and cash equivalents**

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

**(g) Trade receivables**

Trade receivables are recognised at the value of sales less provision for doubtful debt and expected credit loss.

**(h) Inventories**

Inventories of Raw Materials, Work-in-Progress, Stores and spares, Finished Goods and Stock-in-trade are stated at cost or net realisable value, whichever is lower'. Cost comprises all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost formula used is 'First in First Out'. Due allowance is estimated and made for defective and obsolete items, wherever necessary, based on the past experience of the Company.

**(i) Investments and other financial assets**

**(i) Classification**

The Company classifies its financial assets in the following measurement categories:

- \* those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss): and
- \* those measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in the Statement of Profit and Loss or other comprehensive income.

**(ii) Measurement**

At initial recognition, the Company measures a financial asset at its cost /fair value . Transaction costs of financial assets carried at fair value through the Statement of Profit and Loss are expensed in the Statement of Profit and Loss.

**Debt instruments:**

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

\* Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method.

\* Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment losses, interest revenue which are recognised in the Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to the Statement of Profit and Loss and recognised in other income/expense. Interest income from these financial assets is included in other income using the effective interest rate method.

\* Fair value through profit and loss: Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through Statement of Profit and Loss. Interest income from these financial assets is included in other income.

#### **Equity instruments:**

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss. Dividends from such investments are recognised in the Statement of Profit and Loss as other income when the Company's right to receive payments is established.

#### **(iii) Impairment of financial assets**

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

#### **(j) Borrowings**

Borrowings are initially recognised at net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the effective interest method.

#### **(k) Borrowing costs**

Interest and other borrowing costs attributable to qualifying assets are capitalised. Other interest and borrowing costs are charged to revenue.

#### **(l) Provisions and contingent liabilities**

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events.

#### **(m) Revenue recognition**

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and specific criteria have been met for each of the Company's activities as described below.

Revenue is measured at the value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade allowances, rebates, discounts, loyalty discount, value added taxes and amounts collected on behalf of third parties.

#### **Sale of goods**

Revenue from sale of goods is recognized when significant risks and rewards of ownership are transferred to the customers. Sales are inclusive of excise duty and packing charges recovered.

### **Revenue from services**

Conversion job income is accounted for on the completion of the job.

### **Dividend Income**

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established.

### **Interest income**

Interest income from debt instruments is recognised using the effective interest rate method.

### **(n) Employee benefits**

Defined contribution Plans such as Provident Fund etc., are charged to the Profit and Loss Account as incurred.

Defined Benefit Plans - The present value of the obligation which is not funded under such plan, is determined based on an actuarial valuation using the Projected Unit Credit Method. Actuarial gains and losses arising on such valuation are recognised immediately in the Profit and Loss Account.

Other Long term Employee Benefits are recognised in the same manner as Defined Benefit Plans.

Termination benefits are recognised as and when incurred. However, the termination benefits which fall due more than twelve months after the Balance Sheet date are discounted using the yield on Government Bonds.

### **(o) Foreign currency transactions**

Transactions in foreign currencies are recognised at the prevailing exchange rates on the transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

### **(p) Income tax**

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are off set where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively

Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

**(q) Earnings Per Share**

**Basic earnings per share**

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

**Diluted earnings per share**

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

**(r) Government Grants:**

**Grants and subsidies from the government are recognized if the following conditions are satisfied:**

- There is reasonable assurance that the Company will comply with the conditions attached to it.
- Such benefits are earned and reasonable certainty exists of the collection.

Government grants or subsidies given with reference to the total investment in an undertaking or setting up of new industrial undertaking is treated as capital receipt and credited to capital reserve. The said capital reserve will not be available for distribution of dividend nor is considered as deferred income.

**(s) New standards and interpretations not yet adopted**

**Ind AS 116- Leases**

On March 30, 2019, Ministry of Corporate affairs have notified Ind AS 116 -"Leases". Ind AS 116 will replace the existing leases standards Ind AS 17- "Leases" and related interpretations. The new standard set out the principles for the reconciliation, measurement, presentation and disclosures of lease for both lease and lessor. Ind AS 116 introduces a single lease accounting model and requires a lessee to recognise the assets and liabilities for all leases with a term of more than 12 months, unless the underlying assets are of low value. Ind AS 116 substantially carried forward the accounting treatment prescribed for lessor, The effective date for adoption of Ind AS 116 is annual period beginning on or after April 01,2019. The Company is evaluating the impact of the issued Ind AS 116 on its financial statements.

**(t) Ind AS 12 - "Income taxes" - Appendix C- Uncertainty over Income tax treatments**

On March 30, 2019, Ministry of Corporate affairs have notified Appendix C to Ind AS 12, certainty over the income tax treatments which is to be applied while performing the determination of taxable profits/(loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. According to the appendix, the company needs to determine the probability of the relevant tax authorities accepting the each tax treatments that the companies have used or plan to use in their income tax filings which has to be considered to compute the most likely amount or expected value of the tax treatments, when determining the taxable profits/(loss), tax bases, unused tax losses, unused tax credits and tax rates. The effective date for adoption of Ind AS 12 is annual period beginning on or after April 01, 2019. The Company is evaluating the impact of the issued appendix C on its financial statements.

## Notes to the financial statements for the year ended 31st March, 2019

### Note: 29 : Contingent liabilities not provided in respect of:

Particulars	As at 31st March, 2019 Rs. in Lakhs	As at 31st March, 2018 Rs. in Lakhs
Disputed income tax demand for earlier assessment years	155.34	162.37

The management is reasonably confident that no liability will be devolve on the Company.

### Note :

The Company's pending litigations comprise of claims against the Company and proceedings pending with Tax Authority. The Company has reviewed all its pending litigations and proceedings and has made adequate provisions wherever required and disclosed the contingent liabilities, wherever applicable, in its financial statements. The Company does not reasonable expect that no liability will be devolved on the Company

**30** As explained by the management, the losses were incurred due to a recessionary trend and slackness in demand particularly in the Auto, construction and Infra industries, and therefore the Company was not able to utilize its capacity optimally. Besides, there was high volatility in Aluminum prices, it was incurring losses in the past few years. To boost these industries, several revival steps are being taken by the Government and hence the Company expects a spur in economy and demand which will enable them to increase their capacity utilization and thereby cut losses.

The Company believes that it is appropriate to prepare the financial results on a going concern basis. Therefore, the financial statements do not include any adjustments relating to the recoverability and classification of recorded assets and to the amounts of liabilities that might be necessary should the Company be unable to continue its operations as a going concern

### Demographic Assumptions

Mortality in Service : Indian Assured Lives Mortality (2006-08) Ultimate table Mortality in Retirement : LIC Buy-out Annuity.

Rates & UK Published PA (90) Annuity Rates suitably adjusted for Indian Lives.

### F. Sensitivity

The sensitivity of the overall plan liabilities to changes in the weighted key assumptions are:

Current Year	Change in assumption	Increase in assumption	Decrease in assumption
Discount rate	0.50%	-2.55%	2.71%
Salary Escalation Rate	0.50%	2.71%	-2.58%
Employee Turnover	10%	0.11%	-0.12%
Previous Year	Change in assumption	Increase in assumption	Decrease in assumption
Discount rate	0.50%	-2.25%	2.39%
Salary Escalation Rate	0.50%	2.41%	-2.29%
Employee Turnover	10%	0.09%	-0.10%

The sensitivity analyses above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. When calculating the sensitivity to the assumption, the same method used to calculate the liability recognised in the balance sheet has been applied. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous period.

### 43 Financial risk management objectives and policies

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Managing Board.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

The Company manages market risk through a treasury departments, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommend risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures, borrowing strategies and ensuring compliance with market risk limits and policies.

#### (i) Market Risk- Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

#### Exposure to interest rate risk

	As at 31st March, 2019	As at 31st March, 2018
Borrowings bearing variable rate of interest	6,755.64	6,090.63

#### Interest rate sensitivity

A change of 50 bps in interest rates would have following Impact on profit before tax

Particulars	Rs. in Lakhs	
	2018-2019	2017-2018
50 bp increase in interest rate - decrease in profits	(32.12)	(29.81)
50 bp decrease in interest rate - Increase in profits	32.12	29.81

#### (ii) Market Risk- Foreign currency risk.

The Company does not operate internationally and no portion of the business is transacted in foreign currencies and consequently the Company is not exposed to foreign exchange risk.

#### (iii) Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assess financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess

## Notes to the financial statements for the year ended 31st March, 2019

whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i) Actual or expected significant adverse changes in business,
- ii) Actual or expected significant changes in the operating results of the counterparty,
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,
- iv) Significant increase in credit risk on other financial instruments of the same counterparty,
- v) Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements .

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. The Company categorises receivables for write off when a debtor fails to make contractual payments greater than 3 years past due. Where loans or receivables have been written off, the Company continues engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized in profit or loss.

### 44 Fair Value measurement

Financial Instrument by category and hierarchy

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The fair values for loans, security deposits and investment in preference shares were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counter party credit risk.

The fair values of non-current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.
